Pool Information

Up to date Pool Schedules are available at southportlandme.myrec.com

Open Swim: Generally, 2-3 lap lanes are available, but not always! Please check the schedule carefully. Children under 10 must be accompanied and supervised by a swimmer 16 or older. There are exceptions to this rule with permission from the Aquatic Supervisor on duty. Non-swimming patrons wearing a life-jacket/PFD MUST stay within arms-reach of a guardian at all times.

Adult Lap Swim: For those 18 years and older (or youth with permission), the pool will have “all lanes in”. Patrons should be aware of the different speeds (marked on cones) and pick a lane that best represents their pace. We will no longer allow water joggers to use the lanes. Lap swimming only, please.

Lap Swim: Participants (of any age) must be swimming laps for exercise benefit. Generally, there are 6 lap lanes available, although exceptions may be made to this. Patrons should be aware of the different speeds (marked on cones) and pick a lane that best represents their pace. Lifeguards can help, if needed.

Senior Swim: Participants must be at least 60 years young, please! Lap lanes are available as well as a large space in the pool for general aquatic exercising.

Rentals: Please check our website (southportlandme.myrec.com) for pool availability to rent for your gathering. Rentals are available on Saturdays at 1pm or 2pm or Sundays at 3pm September through May. The Customer Service Desk can assist you as well. The Community Center and Pool are closed weekends between Memorial Day and Labor Day.

ABF: Attleboro Bluefish Swim Club. A local swim team. The pool is closed to the public during their practice times.

Scarborough/Falmouth Schools: A private pool rental for a school group. The pool is closed to the general public during this rental time.

Water Aerobics: Daily fees or punch pass apply to all classes.

Shallow Water Aerobics: Non-swimmers welcome. Medium level intensity class taught with the instructor giving cues for other levels. Minimal impact due to the buoyancy of the water. Some classes share the pool with public swims.

Deep Water Fitness: The workout will include aerobics and strength training. This is a no impact class due to the depth of the water. Participants must be able to swim a minimum of 25 meters (1 length) without a floatation device.

J.A.M (Joint and Movement) Fitness: This class uses a variety of low-impact, water-based exercises and movements for those who experience stiffness and discomfort with day-to-day activities. We will focus on improving range of motion, balance, flexibility, along with muscle strength. Both the shallow and deep ends of the pool will be used, along with dumbbells, noodles, belts and other floatation and water-resistant devices.

Hydro Fitness: This class will consist of a blend of Deep Water, Shallow Water and joint mobility-based exercises. Both the deep end and shallow end of the pool are used as we move through cardio, strength and flexibility exercises.

Swim Lesson Registration

Fall Pool Registration Dates:

South Portland Residents:
Monday, September 14 at 7am

Non-Residents:

Thursday, September 17 at 7am

Swimming lesson sessions run for a total of 7 weeks, with the exception of Wednesdays, which will run for 6 weeks due to Veteran's Day.

In the event of a facility closure due to weather or a pool related issue, we will try to extend one week longer to make up for the missed class.

We will not allow individuals to make up a missed class due to safety standards we must maintain for class sizes, instructor ratios and pool spacing.

Please note the following...

- If you are unable to get your child into the class date/time you prefer, please call the Customer Service Desk and asked to be placed on a waiting list. If your child is placed on the waiting list, you will receive a call from our pool staff IF we are able to accommodate your request with instructions on when and how to register.
- Registrations will be accepted for our swim lessons through the end of the first week of class OR when classes are full.
- Adults (age 14+) may register for adult swim classes online or at the desk starting on the above dates as well.

A Note to Parents

In order to derive the maximum benefits from swim lessons, the following suggestions are recommended:

- In order to keep hair out of your child's eyes, PLEASE style hair in a ponytail, braid, or use a swim cap.
- Always have your child use the restroom BEFORE class.
- Try to get your child to every class on time and ask your child to learn their instructor's name.

· Do not expect miracles from your child. Improvement in swimming is often gradual. At the end of each session, a progress card is handed out, which provides the next class level recommendation. It often takes several sessions to move from one level to the next.

· **We will NO LONGER allow children to wear a mask during swim lessons.** Please do not have your child bring a mask (that covers their nose) to swimming lessons. Masks impede a child's ability to learn proper breath control and will ultimately hinder their progress in learning to swim. Goggles (that only cover their eyes) are perfectly acceptable. Thank you for respecting this policy.

Progressive Lessons

If you have any questions about level placement for your child, please reach out well BEFORE REGISTRATION to any of the Aquatic Supervisors. We will find the best level placement for them. We are here to help! Contact us at 207-767-7650 and ask for Lesley, Mike or Emily.

Participants in the youth progressive swim program must be a minimum of 6 years old. All swimming abilities are welcome to participate in this program. Due to space and staff limitations, children must be registered for the proper level. Our aquatic staff will gladly assist you in determining the best level for your child. Please reach out well before registration and we can help! Level placement will also be verified during the first class meeting and the staff will do their best to accommodate necessary level switches. In the event we are unable to do so, based on class size limits or timing, we may be able to offer a partial class refund. Classes aim to maintain an instructor:student ratio of 1:8. A lifeguard is on duty during lessons.

Level 1: Introduction to Aquatic Skills

OBJECTIVE: To help students feel comfortable in the water and learn how to enjoy the water safely.

Prerequisites Include: there are no specific prerequisites for this level, other than the participant must be a minimum of 6yo. For many students, this may be their first experience with formal swim lessons.

Skills introduced include: Basic water safety rules, submerging mouth, nose, and eyes, swimming on front and back using underwater pulling actions and kicking, using a prone body position, exhaling underwater, and floating on back. This level may utilize bubble floatation belts.

Level 2: Fundamentals of Swimming

OBJECTIVE: To give students success with fundamental aquatic skills to remain safe.

Prerequisites include: ability to fully and comfortably submerge face, float on back with minimal assistance, swim a short distance independently, and demonstrate safe water entries and exits.

Skills introduced include: Front & back glides, "bobbing"/submerging head, rolling over from front to back for safety, swimming using front crawl and elementary backstroke action. Some classes may use floatation for support. Students will explore the deep end of the pool. In order to pass this level, students MUST be comfortable in deep water and MUST pass the SoPo SHALLOW WATER SWIM TEST. This is defined as the ability to enter the shallow water, dunk under, stay afloat to swim (in any capacity) half the length of the pool (roughly 12.5 meters) to end with a 30 sec tread or float in shallow water that is above their head.

Level 3: Developing Swim Skills for Strength and Safety

OBJECTIVE: To build on the fundamental skills (see Level 2) through guided practice and development of new strokes

Prerequisites include: perform an unsupported float, glide on front and back, independent swimming on front and back for a minimum of 15 meters, and the ability to roll from front to back float and back to front swim. The child must feel confident in deep water and have passed the Shallow Water Swim Test.

Skills introduced include: front crawl with rhythmic breathing, back crawl, rotary breathing, butterfly kick and body motion, sitting/kneeling dives, elementary backstroke coordination, introduction of breaststroke, and treading water. Students will build endurance in this level. In order to pass this level, students MUST pass the SoPo DEEP WATER SWIM TEST which is the ability to jump into deep water, surface to float/tread for 15-30 sec, swim (in any capacity) one length of the pool, going underwater at least one more time.

Level 4: Building Endurance and Technique

OBJECTIVE: To learn new strokes, refine the basics (see level 3) to be a confident and strong swimmer

Prerequisites include: ability to perform front crawl stroke with rotary breathing for a minimum of 25 meters, elementary backstroke for a minimum of 25 meters, and ability to tread water and knowledge of the basics of breaststroke and butterfly body positioning. Students must have passed the DEEP END SWIM TEST in order to be in level 4.

Skills introduced include: Bilateral breathing with freestyle, swimming drills, endurance building, coordinated breaststroke, butterfly kicks and arms, mastering open turns, standing dives, and surface dives, flip turns for freestyle and backstroke, use of a pace clock while swimming sets, competitive swim starts, and the use of recovery strokes.

Mini Swimmers

If you have questions about level placement for your child, please contact us **BEFORE REGISTRATION**. We are here to help! Contact us at 207-767-7650 and ask for Lesley, Mike, or Emily.

Participants in Mini Swim Lessons must be between 3-5 years old. All swimming abilities are welcome in this program. Due to space and staff limitations, children must be registered for the proper level. Level placement will also be verified during the first class and staff will do their best to accommodate necessary level switches. If we are unable to do so, we may OR may not be to offer a partial class refund.

Mini Swimmer 1: Introduction to Water Basics

For children 3-5 years old, this is an introductory stage in aquatic development. We take a playful approach to learning water safety and swimming basics. Many children who take this class are brand new to swimming instruction. Our goal is to provide quality, positive instruction in a safe environment where non-swimmers can work towards self-sufficiency in the water. Instructors will utilize a variety of teaching techniques all aimed at repeated practice of foundational swimming skills (floating, paddling, gliding etc) with the aided use of floatation/training devices. This class will maintain a 1:5 (instructor : student) ratio. Students are in the water with the instructor only, while a lifeguard is on duty near the class. We do not allow family members to enter the water with their child. **In order to pass this level into Mini 2**, students must be comfortable getting their faces wet, swim on their front with minimal assistance/floatation and float/swim on their back with minimal assistance. Students must have a basic understanding of pool safety rules and be willing participants in the class.

Mini Swimmer 2: Fundamentals of Safe Swimming

Mini 2 is designed for those 3-5 year old children who have passed Mini 1 or can demonstrate (at the first class) a higher level of ability and comfort in the water. Mini 2 students must be able to put their faces in the water comfortably, swim with minimal assistance/floatation for short distance and float on their back with minimal support before entering the class. In this class, students will concentrate on more endurance swimming with proper body positioning, learning to swim on their backs, rhythmic breathing, and rolling over for safety. Skills at this level are performed with instructor assistance/floatation aids, with a goal of moving towards independent swimming.

In order to pass into Mini 3, students must be able to swim a short distance on their front and back with NO support/floatation, and roll over to a float with ease. Students must also have a clear understanding of pool safety rules and be willing participants.

Mini Swimmer 3: Development of Swimming Strokes

Mini 3 is designed for children ages 3-5, and is built on the skills learned in Mini 1 & 2. Instructors will provide additional guided practice of basic aquatic skills with a goal of gaining more proficiency with swimming at greater distances with varied strokes. Skills taught at this level will include: streamlined blast offs, front crawl with rhythmic breathing and proper body positioning, elementary backstroke arms, the ability to roll over to swim greater distances and for safety, back floating, as well as sitting/kneeling dives. A good portion of this class will be spent in deeper water with a focus on safety skills and building endurance for swimming.

When these students turn 6 years old and enter Progressive Youth Swim Lessons, they may be recommended to go to Level 2 or 3, based on their skill set, endurance level, comfort in deep water and their full understanding of pool safety rules and willingness to pay attention and participate in the class.

Pre-Mini

A transition from Family to Mini Swimmer

For children 2.5-4 years old, this is a transitional stage in aquatic development from having lessons WITH a family member (like Family Lessons) to entering into a class taught by the instructor only (like Mini 1). Our goal is to provide quality, positive instruction in a safe environment where non-swimmers can work towards being in a class working towards class independence. Parents will be IN the water for the first few classes, will be partially in the water for a few classes and will be OUT of the water by the last few classes. One adult needs to accompany each child. The instructor will advise on how this works from one class to the next. **Concepts that will be worked on during each swim lesson:** confidence and independence while partaking in a class, willingness to use floatation aids (bubble belts and barbells) and a readiness to learn in a small group setting. Students will learn to get their faces wet by blowing bubbles, pushing off the wall, jumps/plops, floating, basic front and back swimming. Students will also gain a basic understanding of pool safety rules. *Max: 6 Children each with their OWN adult.*

Family Lessons for Babies and Toddlers (with an adult)

This class is for parents/care-givers and their 9 month to 3 year old child (by the start of the program). In this playful networking class, adults and their children learn together to increase the child's comfort level in the water and build a foundation of basic skills, such as arm and leg movements and breath control. This level is fun-filled and helps introduce water safety concepts and encourages a healthy recreational habit that the entire family can enjoy. The class focuses on water introduction with songs, and skill based activities focused on acclimating children to swim lessons, being safe, and enjoying water. The class will then focus on swim skills, safety components in and around the water, as well providing fun activities, songs, games that work for practicing at home, in pools or in open water.

Your child will gain so much more from this class if they can sit up on their own. Please wait to register until your child can sit up on their own independently.

We STRONGLY encourage parents to register their children for this class, if it is their first experience in swimming lessons. Please ask the swim staff if you have any questions about this recommendation.

Golf

The South Portland Golf Course is a nine-hole golf course situated on 25 acres located between Westbrook St, Wescott Rd, and Broadway. The clubhouse, which shares a building with the Branch Library, is located at 155 Wescott Rd.

The Par 33 layout measures 2071 yards. It is a fun course for players who are new to the game, and seniors who are looking to relax, get outside, and enjoy a round of golf. Yet it is tricky enough to challenge the intermediate players. The more experienced player will gain the benefit of working on their short game, as the dog-legs, and hidden, postage stamp greens can make shot making a challenge.

The South Portland Golf Course is the perfect option for the golfer who is looking to get a quick nine in before or after work, or even during a lunch break. It is a great place for families and friends to come out, enjoy a round of golf together, and learn the game of a lifetime.

The course will open in mid-April weather permitting, and the season will run through Early November. All patrons are expected to follow the course rules, rules of golf, and proper on course etiquette.

Tee times can be made by calling 775-0005. Tee times will be scheduled in 15-minute intervals. Tee times can be made up to 2 days in advance. We strongly encourage booking tee times in advance. Walk ups are accepted but may not always be accommodated during peak play times. We hope to see you on the course!

We've become great friends with Santa in this time and he's agreed to once again call children who live in South Portland before the holidays. What does your job with South Portland Parks, Recreation & Waterfront entail?

As a Park Ranger my job varies with the seasons. In the summer you will mostly see me out patrolling all the parks to ensure they are enjoyed inclusively and safely, and that our local wildlife is respected. The other part of the job is public outreach and environmental education which occurs more often in spring, fall, and winter. Since I started in April of this year, I have not had much time to prepare summer programs and have spent more time in the community getting to know the people I serve. That said, I look forward to preparing programs and events in fall, winter, and spring for an awesome and fun summer in 2027!

What do you like most about your job?

What I like most about being a park ranger is engaging directly with the local community within South Portland's beautiful parks. Among the wonderful interactions I have with patrons, I truly love these parks in South Portland. My favorite days are when I arrive at Willard in the morning, it's completely covered in fog and it sounds like the fog horns are chatting with each other. Then later I am weeding at the Hinckley Children's Education Garden and above me I see a handful of crows making all types of funny sounds at each other. Did you know that crows have the equivalent intelligence of a 5- to 7-year-old child?!

What is your favorite park in South Portland?

My favorite park has to be Petrlik Preserve. Every time I step into those woods I am immersed in the sights, sounds, and smells. I look forward to that park's future, and I'm proud that the City of South Portland will be maintaining it so that the local wildlife may thrive. Keep an ear out for some owl hoots!

What do you do for fun?

Outside of work I love action sports, archery, backpacking, and filmmaking. You might find me skateboarding at the local park, surfing at the gorgeous Maine beaches, or backpacking in the White Mountains. As a filmmaker I enjoy writing, directing, editing, cinematography, and creating film scores for friends. I also enjoy learning about Indigenous cultures and Irish history.

What is your favorite restaurant?

My favorite restaurant has to be Taj Indian Cuisine in South Portland. They do wonders for the community and on top of that, they have some of the best food I have ever had.

What are you watching/reading/listening to now?

As of now I am slowly reading The Witcher: Time of Contempt, I recently rewatched Godzilla Minus One, which somehow still made me cry on the second viewing, and I've been listening to Delicate Steve, who has the utmost chill summer sound.
